Policy Statement

The Fluency Trust believes that it is always unacceptable for a child or young person to experience abuse of any kind and recognises its responsibility to safeguard all children and young people and promote their welfare, by a commitment to practice which protects them.

We recognise that:

- The welfare of the child/young person is paramount
- All children, regardless of age, disability, gender, racial heritage, belief, sexual orientation or identity, have the right to equal protection from all types of harm or abuse
- Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare.

The purpose of the policy:

- To provide protection for all children and young people who may be involved with fundraising activities delivered by the Fluency Trust.
- To provide volunteers with guidance on procedures they should adopt in the event that they suspect a child or young person, involved in fundraising activities, may be experiencing, or be at risk of, significant harm.

This policy applies to all on the Fluency Trust board of trustees, any paid staff working for the Fluency Trust and all volunteers working on behalf of The Fluency Trust to fundraise for the charity. The Fluency Trust do not employ anyone to work directly with the children attending the residential courses.

The children attending the Fluency Residential Courses that the Fluency Trust fundraise to support are the responsibility throughout the course of staff from Swindon Borough Council Speech and Language Therapy team and the staff employed by the residential centre. Their employment and the policies and procedures governing their work are the responsibility of their employers. Any volunteers working with the therapist delivering the courses will be managed and supported by Swindon Borough Council's volunteer policy and procedures.

We will seek to safeguard children and young people by:

- Valuing them, listening to and respecting them
- Adopting child protection guidelines through procedures and a code of conduct for staff and volunteers
- Recruiting staff and volunteers safely, ensuring all necessary checks (including enhanced DBS checks) are made (2)
- Sharing information about child protection and good practice with children, parents, staff and volunteers
- Sharing information about concerns with agencies who need to know, and involving parents and children appropriately (3)
- Providing effective management for staff and volunteers through supervision, support and training.
